BACKGROUND

Trade development has the potential to make a significant contribution to pro-poor growth and sustainable economic development. However, despite major efforts at trade promotion, reform and diversification, many Eastern and Southern African, Caribbean and Pacific ACP countries have not yet been able to integrate successfully into global markets and participate effectively in the income generating and poverty reducing practices of regional and international trade.

While the trade development challenges are varied, a key aspect has been that the governments of many Eastern and Southern African, Caribbean and Pacific ACP countries have limited human and institutional capacities. This has impeded attempts to take full advantage of the opportunities offered by regional and international trade, and to effectively manage the risks inherent in increased competition and exposure to international markets.

An added challenge is the increasingly congested trade policy agenda that many Eastern and Southern African, Caribbean and Pacific ACP countries are facing. These include:

- Multilateral trade reform through the World Trade Organization (WTO) Doha Round of trade negotiations.
- Compliance with international trade rules, including through the WTO and GATT frameworks.
- Regional integration efforts through the various regional integration initiatives in Eastern and Southern African, Caribbean and Pacific ACP countries.
- As well as an increasing interest in pursuing bilateral Free Trade Agreement (FTA) negotiations with key strategic international trading partners.

The increasingly resource intensive nature of such an active trade policy agenda underscores the need to strengthen trade capacities in the Eastern and Southern African, Caribbean and Pacific ACP countries including at the African Union Commission, COMESA, CARICOM, EAC, OECS, PIFS, SADC Secretariats. This requires targeted, demand-driven and coordinated trade-related technical assistance that offers support to short-term trade capacity gaps while building sustainable and lasting trade development outcomes.
THE HUB AND SPOKES II PROJECT

Since 2004, the European Commission (EC), the Commonwealth Secretariat and Organisation Internationale de la Francophonie (OIF) have recognised the scale of the trade development challenges facing many ACP member countries and provided assistance through The Hub & Spokes Project. With the support of the ACP Secretariat, from July 2012 donor partners are now able to offer continued trade-related technical assistance to ACP member states through the Hub & Spokes II Project.

The Commonwealth Secretariat is responsible for the implementation of the Hub & Spokes II Project in Eastern and Southern Africa, the Caribbean and Pacific regions as well as at the African Union Commission. The OIF is responsible for the implementation of the project in Central and West Africa.

The overall goal of the Hub & Spokes II Project is to contribute to sustainable economic development and poverty reduction in ACP countries through closer regional integration and increased participation in the global economy. This will be achieved by enhancing the capacity of ACP countries to formulate suitable trade policy, participate effectively in international trade negotiations and implement international trade agreements.

Through the deployment of Regional Trade Advisers to the African Union Commission or COMESA, CARICOM, EAC, OECS, PIFS, SADC Secretariats, and Trade Advisers/National Trade Advisers to Ministries responsible for Trade in the ACP countries, the Hub & Spokes II Project is supporting a wide range of trade capacity development activities, including:

- Building institutional capacity for the Secretariats and national trade ministries and organisations responsible for trade policy formulation and negotiations;
- Enhancing skills and expertise of staff in relevant ministries and organisations to undertake and manage the varied tasks associated with trade policy formulation, negotiation and implementation;
- Strengthening national and regional institutions and training organisations so that there is an on-going and sustainable capacity to provide support to countries in these areas;
- Providing technical advice and undertaking studies on trade-related issues;
- Contributing to and coordinating communication mechanisms within and between ACP member countries on trade policy issues and strategies to achieve positive trade policy outcomes;
- Supporting public-private sector engagement on trade policy issues with a view to strengthening the policy-making process and empowering decision-makers through informed analysis and relevant contributions from non-government sectors.

An important component of the Hub & Spokes II Project is the annual regional planning initiative, where project donors in the Eastern and Southern African, Caribbean and Pacific ACP regions identify trade capacity development priorities, required interventions, expected results and opportunities for collaboration.
TASK DESCRIPTION

The Head of Hub and Spokes Project will:

1. Provide strategic and intellectual leadership, to the Hub and Spokes Project. This will include:
   - Taking direct responsibility for the achievement of the project’s strategic outcomes and results;
   - Ensure implementation of the project outputs within the approved budget, time frame and agreed quality, in compliance with provisions under the Grant Agreement and in adherence with the Commonwealth Secretariat and European Commission guidelines;
   - Preparation of technical and financial reports, both internal and to the European Commission, in accordance with the Grant Agreement;
   - Ensure governance arrangements are put in place, both internally and through the partnership are strictly adhered to;
   - Establishing and operationalizing the Hub and Spokes Communities of Practice.

2. Line manage project staff based in London, including overseeing the management of the ‘Hubs’ (Regional Trade Advisers) and ‘Spokes’ (Trade Advisers) deployed across African Caribbean and Pacific countries;

3. Strengthen and build partnerships with key institutions to mobilise resources, particularly with funding from the 11th European Development Fund, and to promote the Hubs and Spokes project;

4. Advocate and systematically communicate to key audiences in advancing the work and results of the Hub and Spokes project;

5. Adhere to the Gender Equality values of the Commonwealth as enshrined in the Charter and Secretariat’s Gender Equality Policy; and

6. Perform other duties as may be required from time to time.

PERSON SPECIFICATION

Education/Experience Criteria:

- Post Graduate qualifications in Economics, Business Administration, International Trade Law or a related discipline
- A minimum of 10 years working experience in programme and project management and implementation with proven track record of dealing with Regional and/or International Trade issues
- Experience of successfully leading and managing multi-disciplinary teams.
• A proven capacity to network and build effective partnerships at national, regional and international levels, including sound understanding and experience of using information technology and infrastructure for knowledge management and the development of partnerships.
• Prior field based experience in the area of trade will be an asset
• Well-developed analytical and people management skills
• Working Knowledge of Europe Union institutions
• Working Knowledge of Economic Partnership Agreements and the Doha Development Agenda
