

COMMONWEALTH ACTION SERIES:

TRADE

ENTREPRENEURSHIP

& EMPLOYMENT

11:00 AM – 13:00 PM BST, AUGUST 12 2020

Are you a young person concerned about employment or entrepreneurship opportunities in the COVID-19 'new reality'?

Do you want to be part of a global change-movement led by youth? After a very successful **kick-off session**, our Commonwealth Action Series is back with a bang on International Youth Day. It is offering young people a golden opportunity to engage with a panel of youth leaders on:

- Challenges facing countries in providing entrepreneurship and employment opportunities for young people;
- Creating a clear pathway and process for young people to contribute to solutions and participate in national and global decision-making in trade and economic development.
