

YOUTH

Work Week 2020. 2-6 Nov 2020

Youth Work Labs (3 November 2020)

Games for Change: ComMutiny and the vartaLeap Coalition celebrate Youth Work Week 2020 with the Commonwealth by bringing their collective experience of creating exciting and innovative methodologies that incorporate gamified journeys. These real-time experiential games enable young people to address complex personal and social issues in fun and deeply transformational ways.

We bring you the [Togetherness Table](http://commutiny.in/togetherness-table/) (<http://commutiny.in/togetherness-table/>) - an inter-generational dialogue game that opens infinite possibilities in the family and intergenerational settings to nurture 5th Space feelings of Love, Learning, Freedom, Ownership, and Social Hope that are critical for youth-centric development. Young people lead the way by bringing their families and other communities together in different settings and take up gold, silver, and bronze reflection tasks. Each task creates an opportunity for deep conversations and shared experiences that gently guide the group to nourish the values of Liberty, Equality, Justice, and Fraternity. Discover more about the game in the session and join the Togetherness Table design team to develop your country contextualized versions. Start your exploration and experimentation by downloading the current versions of the Game [here](#).

In the session, we also bring to you [Samvidhan Live - Be A Jagrik](#) (Samvidhan means Constitution in Hindi and Jagrik is a self-awakened active citizen). An on-ground and an online game that inspires young people to live the ground realities of the Constitution. Through well-designed self and social action projects, of varying degrees of difficulty (Gold, Silver, Bronze) they become aware of their fundamental rights, act on the fundamental duties, and imbibe the values enshrined in the Constitution of India. To learn more about the game we invite you to watch [this film](#) (2.4 min). For more on its on-ground experience watch [this film](#) (7.2 min)

Welcoming you to join Games for Change Community to learn, share, experiment, exchange.
